Dear Mr. Kubayanda and Distinguished Members of the PRC,

It is in absolute horror and disbelief that I learned of Mr. Louis DeJoy's 10 year plan for the United States Postal Services. Whatever flaws the USPS might have had, they could be considered insignificant before the intentional harm and destruction Mr. DeJoy managed to do to it when he managed to destroy millions upon millions of efficient mail sorting machines and disrupt the mail delivery services. How one man with evil political intentions managed to do it, is beyond anything one might have ever imagined. While there may be financial issues, what will Mr. DeJoy do next? Have mail transported by trail wagons? Outsource delivery of our mail to other countries? Has our country fallen so low that it can no longer support mail services for its citizens?

Please do not be part of Mr. DeJoy's final destruction of a great American institution which if allowed to proceed will undoubtedly go into the history books as a dastardly deed to destroy some of the best that America has had for centuries.

Thank you very much for your attention.

Sincerely,

Marianna Wakulowska
